

Integrated Academic/Career System

NCRC system recipe

Add Ingredients:

5 years of EDP/Career Cruising experiences (CD process not just events)

1 - 8th grade ACT Assessment (with the World of Work Map - career choices and academic data /predictors)

4 years of KeyTrain (pre-assessments and online curriculum (don't stop at just MME prep) Use other curricula for freshman transition, MME prep, and Senior Re-testing

1 -10th grade ACT PLAN assessment (with the World of Work Map -career choices and academic data /predictors)

Add multiple career activities sprinkled into integrated Academic , CTE and Non core curriculums

Don't forget technology integration (KeyTrain online learning and reporting data)

Add a smidgen of the Michigan Comprehensive Guidance Model (Counselors)

Add a healthy dose of School Improvement - School Quality
Add a heaping of informed School Leaders at the building, dept and committee levels

Add the Michigan Merit Exam (ACT college readiness and WorkKeys work readiness)

Yield :

A one "crock pot" stew of a solid, integrated academic and career development system = Career Ready and Postsecondary students with a nationally portable credential for business

The National Career Readiness Certificate
and lots of data to continuously improve your curriculum and process in school for your future kids!
