

Health Care Employer Council Public Discussion Event

Save the Date

Health care employers in West Michigan are working together to create a pipeline of qualified, competent and compassionate health care workers. To support this mission the West Michigan Health Care Employers Council worked together to publish a workforce development position paper. The purpose of the paper is to facilitate an ongoing quality conversation with educators and workforce development partners. You are invited to join the council on Thursday June 3rd, 2010, for the first annual presentation and discussion of the Health Care Employer Council Workforce Development Position Paper.
